SOURCE

25X1X [REDACTED]

No aircraft were parked at the Stendal-Borstel (M 53/Y 75) airfield. The field's kasernes were occupied by Soviet Air Force ground personnel and a Soviet Army signal unit whose soldiers wore black epaulets.

25X1 [REDACTED]

The soldiers wearing blue epaulets and pilot insignia were very young and apparently had just completed training. They left by train toward Berlin.

25X1A [REDACTED]

Comment:

Information confirmed by reports [REDACTED] dated 18 January 1950. No air unit is at the field but an army unit and an air force ground unit of 40 to 50 men are stationed there.
